 Policy Name: Loan Periods and Limits
 Revision: 3.0

Purpose:

To describe the rationale for loan periods and limits and to outline the most common of these.

Policy:

Loan periods and limits are established to provide fair and equitable access to library materials. Privileges such as renewals offer the benefit of longer use of library material. Such privileges are reduced when items are in high demand.

Loan periods and limits are determined by the combination of the type of membership and kind of material. For example, Visiting Library Service customers are given longer loan periods. In general, most memberships have the following loan periods and limits:

Kind of Material	Loan Period	Limit per Card	Renewals*
Books & Magazines	21 days	50 (max. of all items/card)	2
Books – High Demand	14 days	50 (max. of all items/card)	0
Books – Fast Reads	7 days	50 (max. of all items/card)	0
Kits	21 days	50 (max. of all items/card)	2
Compact Discs	21 days	50 (max. of all items/card)	2
Compact Discs – Seasonal, High Interest	7 days	50 (max. of all items/card)	1

** Daisy Recorded Books are talking books for library users with print disabilities. They can be borrowed by library users who register with the library for Centre for Equitable Library Access (CELA) service.
