

Category: Public Service
Policy Number: 6-2
Policy Name: Loan Periods and Limits

Purpose:

To describe the rationale for loan periods and limits and to outline the most common of these.

Policy:

Loan periods and limits are established to provide fair and equitable access to library materials. Privileges such as renewals offer the benefit of longer use of library material. Such privileges are reduced when items are in high demand.

Loan periods and limits are determined by the combination of the type of membership and kind of material. For example, Visiting Library Service customers are given longer loan periods. In general, most memberships have the following loan periods and limits:
